WE NOMINATE

Alfred Dillard Tyson, Jr., one of the Princeton Community's deeply respected members and the founding president of the Princeton Association for Human Rights, who this month — some five years after he delivered his first Princeton sermon — is heading northward to Newark to shoulder even heavier and more challenging responsibilities. From the comparative serenity of the 136-year old Mt. Pisgah A.M.E. Church he has been summoned to the heartland of New Jersey's most congested city to rejuvenate and literally "re-build" St. Luke's A.M.E. Church, which in yesteryear was the largest and probably most influential A.M.E. congregation in the State.

As Princeton moved steadily through "The Civil Rights Revolution," the 39-year old Tyson played a dominant role in helping others understand the significance of the American Negro's long struggle for "an equal chance to share in and contribute to the well-being of his community, his region, and his nation." For instance, in the spring of 1965, while serving as President of the Princeton Pastors' Association, he returned to his native Selma, Ala., to participate in one of the most moving of all civil rights demonstrations and in 1964 was largely responsible for such Princeton milestones as the August memorial services for the murdered civil rights workers in Mississippi and the "Vigil of Prayer for Justice and Peace."

In completing his formal education and training Tyson, an around-the-clock worker, succeeded in effectively bridging the so-called "Two Cultures" for he earned his master's degree at Rutgers in biochemistry before qualifying for his theological degree here at Princeton Theological Seminary. His early Princeton years were characteristic of the pace at which Tyson and his family continue to live. In addition to carrying a full academic load at the Seminary, he gave

two sermons a week, taught his regular class in religious education, spoke almost every evening of the week before one organization or another, and yet found time for his regular calls in a growing parish.

Well aware that most churches pay their clergymen less than men who are comparably trained, Tyson couldn't resist the "call of the pulpit." "It is of course a challenge," he once recalled, "but then I sort of knew what to expect from a minister's life. My father, my grandfather and my great-grandfather as well as my wife's father were all ministers." With this background, he entered Boston University's School of Theology, served with distinction in Providence, R. I., where for five years he was president of the Ministers' Alliance, and, when called to Princeton in 1961, was the youngest presiding elder of the A.M.E. Church in the Boston District.

A splendid speaker, who devotes countless hours to preparing his sermons and insists that a minister must have something to say and must remember that he never has a "captive audience," Tyson looks upon "relationships with people" as the most rewarding and stimulating aspects of his job. He points out: "To see people brought together into the right relationship with one another; to see them enjoying life, especially as the direct result of the religious impact on our lives; this is what I love to see . . . I feel that the best thing in the world is for people to have a sense of unity."

For all he has done in seeking to make "proper educational opportunities and more adequate incentives available" to all Princetonians; for his distinguished leadership of his parish; for effectively fusing extremely practical and deeply moral concerns; he is our nominee as

-YES! TO MERGER
Immediate Re-Organization. Princeton cast its vote in favor of the future Tuesday night.

The first indication to the public that merger had been approved was provided by Town Topics as early as 9:20 Tuesday night.

Immediately after the tally was in on Tuesday, Jack B. Twitthell, Mercer County Superintendent of Schools, began calling the Borough and Township board members who might agree to merge on the new Regionalized Board. Mr. Twitthell told Town Topics late Tuesday night that he hoped to hold the first meeting of the new Regional Board next Monday.

Close Kinks. Early on Tuesday evening, Mrs. Sarah Strayer, president of the Borough Board, said, "If merger wins I think people will close ranks and make it successful—the Borough and the Township."

FAREWELL DINNER: Dr. Chester R. Stroup, departing superintendent of Borough schools, was tendered a testimonial dinner on Monday by the Board of Education and the Borough Teachers' Association. Above are (from left) Mrs. Paul Strayer, school board president; Dr. Stroup; B. Woodhull Davis, former superintendent; and Graham Kohrer of the board. Story on Page 2. (Alan Richards Photo)

and every one else." In a formal statement after the result was known, Mrs. Strayer said: "This is what we worked for, honestly, and sincerely as the best education for the children at the most reasonable cost to the taxpayer. The real victory will be when we forget differences and work as one, for the best education for our children supported by the efforts of the entire Princeton community."

Unity was also the theme in the Township where George Grace, president of the Township Board, and Board member Mrs. Richard Schock spoke of plans for a new Friends of Public Education in Princeton, an organization of Borough Township residents which would embrace members of SOS, CRS and "anyone else" with a vital interest in education.

Informal discussions about such a group have been held in recent weeks between Mr. Grace and A. Morton Good of CRS.

Train for the Board. "We think of the 'Friends' as training-ground for new Board members," Mrs. Schock said, "especially as a means for helping toward a strong board in the February elections."

Mr. Grace added that the group would serve as a watchdog committee, independent of the new Regional Board, and would in its policies follow the Joint Statement of the Borough and Township Boards issued following the Chandler report.

"Needless to say, I am delighted with the merger vote," Mr. Grace said. "We now have the basis for the strong, outstanding school system that has been predicted for us."

How Did They Vote? Detailed voting statistics, Borough and Township appear elsewhere in boxes. (The Township does not break down its school districts into their component general election counterparts as the Borough does.) In the Borough, 56% of these casting their ballots voted "yes." In the Township, 82% voted "yes." In the combined municipalities, the overall "yes" vote was 72%.

The total Borough vote was 445 more this time than last fall, the total Township vote was about 600 less. In the October 7 referendum, the Borough voted against merger 1249 to 1091. In the Township, the pro-merger vote was 2778 to 250.

On Tuesday, only 39% of the Township's 6,256 registered voters went to the polls.

| Borough Vote | |
|--------------|-----------|
| One | Yes No |
| Two | 173 112 |
| Three | 157 186 |
| Four | 84 210 |
| Five | 108 146 |
| Six | 51 121 |
| Seven | 79 75 |
| Eight | 180 97 |
| Nine | 137 144 |
| Abs'ee | 266 83 |
| | 1510 1235 |

In the Borough, about 38% of the voters cast their ballots. The Township's decline may be attributed to a cooling off toward the Borough on the part of many residents as the merger campaign heated the heated peak of the last four weeks.

Court Action? Whether these totals will remain unchallenged was not known positively as Town Topics went to press; however, the possibility of court action to delay regionalization seems likely. Such action would probably be focused on the number of absentee ballots: 349 in the Borough, breaking down to 268 "yes" and 83 "no," and 111 as the unofficial count for the Township: 107 "yes" and 4 "no."

Mr. Twitthell says, however, that organization will proceed without delay, unless a judge hands down some kind of injunction. He suggests that the first challenging action would probably be taken to the Commissioner of Education; in fact, many judges would request that the challenge go first to the Commissioner, in standard administrative procedure. From there, appeal could be made by either party to the State Board of Education, and then to the courts.

Absentee balloting has been given in this referendum from the first, and Earl Elder, —Continued on Page 2

chief clerk of the Mercer County Board of Elections said the demand for absentee ballots was "unprecedented" in his 18 years in county election work.

Graduate students' ballots are a particular concern. Last Friday Mr. Elder's office received a written complaint asking investigation about 30 absentee ballots, and following its routine procedure, Board of Elections investigators checked out the com-

plaints, one by one. The Board then spent Tuesday going over the findings, so that a final absentee list could be announced officially on Tuesday night.

In the Borough, the largest number of absentee ballots was cast in Districts 1 and 2—the so-called western section—"Gold Coast" districts, and the location of Seminary graduate students housing in District 1, around University Place. Six absentee voters "yes" and 3 "no." In District 2, on the west side of Bayard Lane, six absentee voters were 78 "yes," and 8 "no." The lone absentee in District 3, along Witherspoon Street, cast a "yes" ballot, although his district as a whole voted "no."

Although merger carried the Borough by 272 votes, five of the nine districts voted it down. In District 8, where most of the Borough's Negro voters live, the vote was 51 to 121 against. In District 4, around Chestnut and Pine Streets, an area of modest income, the "no" vote was heavier than anywhere else in the Borough—20 to 64. District 6, and District 3 from which 9 was carved when 3 became too large, both voted "no"—by 157 to 186 in District 3, and 137 to 144 in District 6. This is the area that stretches west from the Borough-Township line at Riverside.

What the Princeton community needs now is a steady diet of good, healing, hard work. In his statement supporting merger last week, Borough Councilman Alan Carrick referred to the need to "mend a family rift quickly" and at his weekly press conference on Tuesday, Borough Mayor Henry S. Patterson spoke earnestly of his desire for a harmonious and unified community.

After a civil war like this one, the healing and mending process can take place best in an atmosphere of shoulder-to-shoulder hard work toward a common goal of continued educational excellence. In the words of the Rev. Alfred D. Tyson Jr., first president of the Princeton Association for Human Rights and one of the early advocates of merger, "I feel that the best thing in the world is for people to have a sense of unity."

faculty and a former member of the school board, was general chairman. Another former board member, Professor Henry Finch of Princeton University, was the featured speaker.

Tributes to Dr. Stroup's many years of service to Princeton were paid by Mrs. Paul Strayer, president of the Board of Education, Renald Goodspeed, president of the Borough Teachers' Association, and B. Woodhull Davis, former superintendent of schools.

Dr. Stroup received gifts from the Borough PTA's, presented by Mrs. H. W. Leverenz, and from the school board, faculty, and staff members of the school system, presented by Mrs. Roberts. Mrs. Frank Birch gave a farewell gift to Mrs. Stroup in behalf of the faculty wives.

Musical for the evening was furnished by the orchestra, led by Sylvain Friedman, and the Madrigal Singers, directed by William Tregno, and the Symphonetta Band, led by Jack Horner.

WOMAN IS ABDUCTED
And Criminally Assaulted. A massive police search led by Detective Norman Jarvis and P.I. Frank Boocassano and P.I. David Frank of the Township Police, aided by the State Police, is under way to apprehend the two men who abducted a 32-year-old Township woman last week from in front of her home and then raped her reportedly four times.

She was seized in front of her home at 12:30 a.m. last Wednesday morning, her screams sounding her neighbors and her husband who was unable to come to her in time. She was found about an hour and a half later on the Princeton Pike by a passing motorist who brought her to Township Police headquarters.

At the time, police said, she was in a dazed state and could only describe her abductors as Negroes, both short. Apparently, the two drove up along side their victim and she got out of her car and went to investigate. Residents reported seeing a black station wagon drive off with two men in it. It was believed to have been stolen in Trenton.

The woman's car was found on a ditch where it had drifted from the road. The method used by the pair was not unlike that used earlier last year by two Negro youths who tried to abduct a Township woman late at night while she was driving on the Princeton-Kingston Road. That attempt failed.

YOUNG WIFE IS SHOT
In Lawrence Township. A 17-year-old woman is reported to be in fair condition in Trenton's Helene Fuld Hospital after she was shot Friday night in her home on Route 1 near the Motor Vehicle Inspection Station.

Mrs. Nancy Tallman, was found by the Lawrence Township police lying in a pool of blood in her upstairs bedroom. She had allegedly been shot in the face with a .22 caliber pistol by her husband David P. Tallman, 27, following an argument between the two. Police were summoned by Mrs. Phoebe Tallman, mother-in-law of the victim, who was downstairs at the time.

Tallman, a house painter, was arraigned before Magistrate Edmund A. Portkey on Saturday on charges of second-degree assault and battery. He is being held for action by a grand jury.

ACTION AT THE FISHING HOLE: Youthful Isaac Walton try their luck at the fishing game at the Strawberry Festival held Friday by the Pennington Methodist Church. At left, three-year-old Susan Connolly, daughter of Mr. & Mrs. James W. Connolly, Oak Street, Pennington, comes up empty-handed on her first try. Steven Thompson, 4, son of Mr. & Mrs. Joseph Thompson, Rileville Road, Hopewell, with that nuisance of a pole over his head and out of the way, has almost landed his catch, while Wendy Moser, 5, daughter of Mr. and Mrs. Gilbert Moser, 324 S. Main Street, Pennington, already loaded with prizes, is content to be a spectator.

istrator Joseph H. Nini and Attorney Gordon Griffin were all absent because they were attending graduation exercises at Valley Road School. Mayor Schaefer did appear, later in

the evening, but the other three ran the whole commencement course.

The Zoning Board's recommendation that Princeton Hospital be given a variance for parking on four Henry Avenue lots was tabled after the protests of residents and their attorney.

Committee decided to study the minutes of the May 19 Zoning Board meeting and bring the matter up again on Monday, July 18. (Committee has cancelled the July 4 meeting.) Archie Alexander Jr., representing several Henry Avenue residents, said that nothing in the Zoning Board's record showed that the Hospital actually needed the lots.

Mr. Alexander also said that parking lots would introduce a new and incompatible use in the area, which is zoned for homes, and he remarked upon Committee's concern for Open Space and the apparent contradiction that more Township land would be blacktopped as a result of any parking lot variance.

Garrett Heher, Hospital attorney, said the institution had proved its parking need to the Zoning Board. It has lost 89 parking spaces to its new wings and he reminded Committee that the Zoning Board stipulated a six-foot stockade fence between lots and private homes, and shields for any parking lot lights.

He pointed out that, if the Hospital were in the same municipality as the proposed parking areas, no variance would be required.

"Henry Avenue could become a business section if these parking lots are allowed," charged Vincent Pirone, speaking for his mother, Mrs. Angelina Pirone, 41 Henry Avenue.

Mrs. Irene Dalle Pezze, 29 Henry Avenue, joined other residents in charging that neighborhood air was polluted by discharge from the Hospital's chimney and noise from the Hospital's machinery, apparently an air-conditioning unit.

Acting Mayor William L. Wilson and Committeeman Burton Peskin advised residents to confer on pollution with Hospital authorities and the Township Health Officer.

Committee passed the zoning amendment allowing nursing homes in the service zone and decided to ask the absent Mr. Nini to investigate a claim by Mrs. Irlene Benson, The Great Road, regarding dog damage to livestock.

Mrs. Benson charges that unknown dogs killed a ewe lamb on her property. The amount involved is \$50, but Committeeman Russell Mount, who has had some experience in rural living, suggested that the amount might be excessive.

Parts of Valley Road, Moore, Mt. Lucas, Ransom, Rollingmead, Cedar, Sycamore, Alexander, Cherry Hill and Ridge-

view Circle roads will be resurfaced under the state formula providing 90% of the cost, if the municipality meets the other 10%.

Committee accepted with regret the resignation of James G. Campbell Jr., 93 Battle Road, from the Zoning Board. Mr. Campbell, as Committee man and zoner, has served the Township for 11 years.

C. C. Lindner, 33 Westsheaf Lane was named to the Planning Board to fill the term of B. Franklin Rumm who has resigned. Mr. Lindner, a professional city planner, is Director of Urban Renewal for Herbert H. Smith Associates, Trenton, and was for four years the planner for Providence, R. I.

Committee also

■ Introduced an ordinance to lay 114 feet of sidewalk on Mt. Lucas Road from Jefferson to the center of town.

■ Awarded to Joseph Jingo and Sons, low bidder at \$2,385, the contract to replace parts of the Henry and Jefferson sewers.

■ Accepted the revised Race Street paving assessment which provides that the Town ship will pay one-third, property-owners two-thirds.

■ Decided to re-build the curbing, curb, and gutter along Avenue. "They were built in WPA days," observed Township engineer Frank Quinn, "inferior concrete."

AAP, RUMS GET OKAY

On Building Plans, Barker's in the Princeton Shopping Center will double its main floor area. A.P. will build a new store in the north end of the center and Princeton Hospital will install two underground, 30,000 gallon fuel tanks behind a home it owns at 22 Harris Road. These developments were given the green light last week as the result of two, 4-0 rulings by the Township Zoning Board.

By court order, the first two applications which the board had to grant or deny in July.

The proposed new AAP would measure 147 by 155 feet and contain 24,925 square feet. Tucked into the northeast corner, it would face Harrison Street, 60 feet in from the center's eastern boundary and 240 feet in from Terhune Road.

Some 17,000 square feet would be devoted to service with the remainder to loading areas in the rear. The present AAP, which would be vacated, contains 12,170 square feet.

In the most important instance, all truck deliveries and loading would be from the rear, away from the customers who will be able to enter and exit only from the front. Parking will be in front and along one side.

At one point in the proceedings, board chairman Russell Van Cleave read a petition the board had received signed by a number of residents. The signers said that a department math "how" the space is necessary but not as necessary as a food store. They listed the two main criticisms of the current AAP Store — is in excess of parking requirement. But as John Lasley of Cherry Hill Road, the only out-

isn't up to the standard of

Bamberger's." He continued,

"When expansion is complete,

especially in our men's

and children's sections, we

won't have to take our hats

off in any store in the state."

In addition, the location and

interior of the existing portion

would also be renovated. What it

amounts to, said a Macy official,

is to completely new

Parking. In granting AAP and

Macy's a variance to exceed

the 25% floor area ratio to

the center was limited in

1959, the board stipulated

that all utilities for both must

be located underground and

that each would have to meet

parking requirements. The lat-

of the center at the opposite

end of Bamberger's. Mr. Las-

ley urged the board to consider

the need for additional parking

facilities at the northern end

of the center to handle the

congestion the two additions

would generate.

The board concurred. To

prevent a log-jam in parking it

drew an imaginary line across

the existing line of Bamber-

AAP would have to determine

Princeton Hospital received

a special permit to install its

tanks on its lot which is lo-

zone. It was subject to limiting

delivery of fuel between 8 a.m.

and 9 p.m. and would be al-

lowed to enter only by way of

Franklin Avenue. In addition,

the hospital must install

the landscaping for the five 36-

inch manhole covers of the

only visible signs of the tanks

below — and replace all shrub-

bery.

The two tanks would be 10½

feet in diameter and 40½ feet

long. They would be placed

15 feet underground, strapped

down with steel straps in

cradles atop a concrete base.

They would be 13 feet from

each adjoining property line.

The tanks will feed a new

boiler plant the hospital is

building to handle the increased

needs created by its ex-

pansion program. Currently

the hospital has two 10,000-gal-

lon fuel tanks.

Archie Alexander Jr., attor-

ney representing residents

of Harris Road, tried repeatedly

to show that the hospital

had failed to prove the unsuit-

ability of the tanks.

A BIG HAND FOR THE LITTLE LADY includes in its all-star, poker-playing cast Burgess Meredith and Henry Fonda who unsettled the dust in Laredo. The comedy western plays the Prince and the Playhouse this week.

News Of The THEATRES

END OF "EPITAPH"
This Week, "Epitaph for George Dillon," Community Players' Spring success, will receive its final performances this Friday and Saturday at 8:30. Murray Theatre's Trevor Owens plays the part of the struggling playwright who is bedeviled by a lower middle-class English housewife and her family. Lois Ann Cohen portrays the housewife, and Scotty Bloch the sister and Susan Rosenbaum the jazz-mad daughter. Lou Lipa as the husband, and Marie Miller, the second daughter.

"Epitaph for George Dillon" shows how the ambitious young artist is engulfed by a situation of his own making, and how he uses others to achieve his own ends and finally compromises his talent in the face of the realities of life.

Other members of the cast are Michael Bosworth as the evangelized friend, Robert Peak as a welfare worker and Leonard Eltz as the theatrical producer, Mr. Lipa directed.

OPEN AIR TO OPEN
With "Brigadoon," The enchanting Scottish village in Lerner and Loewe's musical "Brigadoon" will blend right into the surroundings at Washington Crossing State Park. Curtain-time is 8:30 for the opening night, Friday, July 1, and again Saturday, July 2, and the following weekend, July 8 and 9.

The Pennington Players' production will be under the direction of Ed Earle, assisted by Frank Piper. The cast includes Vi Ponsini and Ed Kettlenberg (remember last summer's "Plain and Fancy" in the Park?), Jose Gonzalez and Penny Hoadley, who have appeared before in Players' productions, and Horace Fisher, Sue Howe, Chet Wilkinson and Jim Little.

Frnk Deluxe is in charge of a production staff consisting of Joan Erickson, stage manager; Jeff Higinbotham, set designer; Jack Rees, technical coordinator and construction manager; Delgado, costume designer; Glenni Todd, properties; Gerard Kuster, lighting; Sherry Steep, makeup; Mary Rees, publicity and Judy Papier, tickets.

PRINCE and PLAYHOUSE
A Big Hand for the Little Lady (now playing) is a western without Indians, leeches with comedy and topped with a surprise, funny ending.

The little lady is Joanne Woodward, wedded to compulsive poker player Henry Fonda. They are involved in an incident in Laredo, Texas—an event known as the "biggest annual poker game in the territory," restricted to the area's five richest citizens.

When the time comes for the cut-throat poker to start, Rancher Jason Roberts walks out on his daughter's wedding, attorney Kevin McCarthy leaves the courtroom in the middle of a murder trial, and Fonda bets every penny of his homestead money. Also involved are undertaker Charles Bickford, cattle broker John Qualen and Robert Middleton, Burgess Meredith is the disillusioned doctor.

Fonda has a heart attack when the pot reaches \$20,500. Continued on Page 4.

TENSE MOMENT: Lloyd Bridges (second from right) and friends wait to see what the immediate future will bring in this scene from "Around the World Under the Sea," now showing at the Lawrence Drive-In. David McCollum, one of the Men from U.N.C.L.E., is at left. Shirley Eaton is the girl.

News Of The Theatres

Continued from Page 5 and he holds what he believes is a winning hand. So the little lady picks up the cards.

This is a beautifully acted movie, with special credits to Jason Robards, whose crusty manner and no-nonsense approach to poker provide some hilarious moments, and to Burgess Meredith as the town physician.

GARDEN

Born Free (now playing) since it is a true story, taken from Joy Adamson's book recounting her adventures in Africa in raising a female lion cub to adulthood, "Born Free" could be called a semi-documentary. On the other hand, since it is not a filmed record of events as they occurred but a recreation of them with

professional actors and trained animals, it could also be described as a semi-fictional film. Either way, it is a fine and absorbing movie, with special appeal for the family. Mrs. Adamson, wife of a game warden in Kenya, took into her home three female cubs whose mother had been killed, and became especially attached to one of them, giving the name of Elsa.

Elsa, kept behind as a pet when the others were sent to a zoo. Presents a number of unforeseen problems. The most fascinating part of the film deals with the Adamsons' efforts to undo their "taming" of the lioness, so that she could fend for herself in the jungle.

BOXING TO BE FEATURED At Lawrence Drive-In. The World Boxing Association heavyweight title is being defended by champion Ernie Terrell and challenger Doug Jones. Terrell will be featured on a live telecast at the Lawrence Drive-In Theatre on Tuesday night, June 28.

The bout, taking place in Houston, Texas, will not be shown on home television. The closed-circuit telecast at the theatre will include a round bout between Cleveland Williams and Earl Herring before the 15-round Terrell-Jones match.

The Williams-Herring contest will begin at 10 p.m., with the Terrell-Jones window following in the event of a knockout in the first half of the twin bill, a sturdy round match is on tap.

Tickets for the special showing are now on sale at the Lawrence Drive-In on Route 1. Admission charge for the fight will be \$10 per carload, with a five-person limit per car.

IT'S NEW To Us

KEEP 'EM HOT

And Rollers! That Saxon Hotable cart has been shy and in hiding for some months now, but Happy House in the Shopping Center has brought it out of retirement at a happy \$39.95 instead of the customary \$69.50.

You'll buy one to use on your terrace or porch this summer, of course, and will bet you use it almost as much next fall for football guests and at Christmas time to keep the plum pudding hot and... well, you get the idea?

The cart measures about 19 by 24 inches. The entire top is the Hotray heating unit (guaranteed) and the under shelf is a matte-finish walnut Formica. It has trim, walnut lined smooth wheels and infinite possibilities.

Cooking at Happy House is done on a bank of hibachis or

Are You A Bride?

If your generous family and friends showered you with beads, chains and crystals, take one of these practical wedding checks and invest at Saxon's.

The investment is a set of quilted cases for fine china and glassware. The cases are drum shaped, enclosed by a zipper so that no moisture can enter, and padded for protection.

For your best bone china cups, there is a drum case with styrofoam partitions to keep each cup from touching its neighbor. Room for 12.

varying dimensions and shapes. It, it's favorite is the one that stands on a slim tripod and has two circular grills that slide against one another to make a draft or quickly "turn off" a flaming steak. Useful: means you don't have to raise or lower. Comes in chrome, too.

Four square individual firepots make one big whole but each guest does his own, raises or lowers the grill at his choice, keeps his fingers cool with the big wooden handle and cooks his own steak exactly the way he wants it. (There's a triangle hibachi just for fun.)

Tools! A charcoal scoop scoops charcoal and keeps your fingers dainty. That skewer for fish kebabs is flat, so that the meat will turn. Know how the Kebab components sometimes still and cook all on one side, while the skewer turns? No more of that!

You may have inexpensive tools, or splendid ones like the \$3.49 salt-pepper set and its matching forks, wire brushes, marinade brushes and far into the night.

While you're keeping the grille hot, Happy House is keeping drinks cold in an insulated set, white with Spanish gold scroll-work. Pitcher, highball, casserole, mug, ice-bucket are all insulated. Maybe even the cheeseboard and the napkins that match are insulated, for all we know. Oh, yes — there's a martini pitcher, too, and "his" and "her" glasses.

Giant-size food umbrellas will cover your whole picnic table. They are pastel net, measuring 44 by 26 inches, and that's some picnic! \$2.

Firefly lights hold citronella or plain candles, and either held by their black metal handles, or stand within their black metal frames. Small and useful, with green amber or ruby glass shielding the candle, \$1.95. The glass cylinder is like a Christmas candleholder, but gayly decorated and striped for summer frivolity. It holds a citronella candle.

Texas-size mosquitoes — we have NONE of these in New Jersey — will go into a decline if they come near the candle we have in mind. Use it bare and open, or sheltered by an inverted cone and a windproof shade. Other candles are shaped like poppies, sinulas or anemones and are appropriately colored.

KANGAROO COAT
For Travel. A coat which

folds up and packs itself into its own pocket sounds rather like a kangaroo who's swallowed his tongue. If you're skeptical, a visit to Bailey's in the Shopping Center will set you straight and send you off with a new coat.

It's the Rain-Paks in black nylon matelasse, light as a rain-drop. Sleeve and double-breasted. It does indeed fold right into its own pocket, producing a pocket 8½ by 11 inches square. Some in black and white tiger stripes, too. \$24.98.

Bailey's own sewing machines are running up skirts again, and these are so delightful printed you'll want one of each print. The cut is a

BUCKS, THEN TOUR

For "Riverwind," After
"Riverwind," After "River-
wind," After "Riverwind," After
at the Bucks County Playhouse
in New Hope on July 9, the
musical will start out a seven-
week tour, ending on August
27 at the Ogunquit Playhouse
in Maine.

While it's here, "Riverwind"
will divert Playhouse audi-
ences with a tuneful score by

bers and some additional mu-
sic and lyrics by Philip Spring-

made A-line with that flat
lattering, nonstarched. One
splatshy broadcloth print is
alive with aqua, violet and
white daisies or a tobacco
shade with golds, too, \$6.88.
Another, in smooth Per-
perell cotton has the tiniest
orange flowers in a spread of
Calico on a brown ground.

A polished cotton shift rings
out its wide bell sleeves, but
hardly needs to since the hot
pink-yellow print shouts for it-
self. The neck is U, the sleeves
pause short of the elbow, \$9.98.

Similar in design is the fine-
ly woven unbleached muslin
with two-inch peasant em-
broidery around those wide
sleeves and the hem. Wear
your longest gold ear-loops
with this one.

Bailey's dips a summer toe
into the pool wearing a two-
piece poorboy suit (\$10.98)
in the kind of red they used to
call "lipstick" red when lip-
stick was red. Black or loden,
too.

If this is your maternity
summer, you'll reach for
Bailey's arnel jersey two-
piece maternity swim-suit.
Well, three-piece, actually, but
the pants don't show much be-
cause of the full cut of the
smock-like-top. A jacket, same
length as the blouse, is lined
with white terry to keep you
dry. Comes in two prints, one
a stir of bright pinks and
peaches, one chintz in blues. Suit
and jacket are \$10.98 each, and
you can wear that jacket long
"After."

For summer yawning, Bailey
suggests the Sassy Shift.
Silly isn't it? It's on the night
shirt in this one. The shirt has
two slits up the front from the
hem, each one edged with
white eyelid. There is eyelid
around the U neck, too. For
comfortable sleeping, wear the
pair of under-shirt pants, \$3.98.

It's New To Us

Earned artists read this calico print mock. It's a classic, in good old smock cut and there's a soft India print, if you're not Early American. Solids like blue, green, black and white have been around Bailey's for a long time, but the prints are new. \$5.98.

HOT OR COLD

This Shower is Gold. Or green or black. In any case, with Stone's new shower curtain and matching bathrobe and tissue holder, you'll have the hottest shower in town.

Bright emerald with navy print, white with black or orange and gold are the options open to you. Fridge has been used appropriately, chiefly around the waste-basket and on the lid of the tissue box. Yes, it has a lid, if you can believe it. The is \$30. \$15 for the curtain, \$8 for the basket, \$7 for the box.

If your bathroom re-decoration is more modest, consider Stone's new three-piece set with butterflies on palest green, glass-kissed-tissue box set. Comes with sherubs in gold on white, too. Probably to match your hot-water faucet.

Luggage is a newcomer to Stone's inventory. The collection now on display is linen pattern in deep royal, calmed, red or deep olive. There's an overnight bag, a slim airplane carrier, a fitted train case with mirror and a shoe tote. Prices are \$15 to \$35. That fitted train case has a particularly nice fit, it seems to us.

And while we're totin', how about a tote bag? Actually, these are deep, well-constructed knitting bags, but you can carry anything in them because of their size and sturdiness.

Botanical panels have been used on one bag — a different panel front and back. (How's the "tulipa serena")? This one has a deep avocado-green fabric handle and border, matching nicely with the flowers in the print.

Tapestry, in olive and beige, has been used for a more formal, bag and brilliant home-cum-in lemon and orange for a modern one. They're \$4.50 and up, each with inner zipper pocket.

When did you last have breakfast in bed? Well, you had the flut! Well, that's not quite what we mean.

It's leisurely breakfast in bed is a standard in your home, or if you love to get the idea started, buy the wicker tray on legs with its slide pocket for the morning paper. It has a matching tray without legs.

Big trays, legless, come in charming Melrose online blue and white, a deep terra-cotta lake or cane. And the big wedge, with its comfortable canvas, is the most popular. Buy any breakfast in bed combination you care to assemble. And while we're in bed, how about Wamsuta's four-inch deep gold embroidered swag on the "Tom Sore" cases and sheets? Hemstitched. Every stitch of the way.

WITH DRUGS AT HOME

Medicines of every kind should be kept where children cannot reach them, BUT — some of the precautions essential to prevent accidental poisoning among young children apply to adults as well.

- Store medicines separately from other household products.

- Keep products in their original containers — never cups or soft-drink bottles.

- Be sure that all products are properly labeled.

- Read the label before using.

- Turn on the light, never give or take medicine in the dark.

- Refer to medicines by their proper names. Inducing a child to take medicine under the pretext that it is candy might have disastrous results.

- Once an illness or injury, discard the remaining medicine. Pour it down the drain, rinse the container, and then dispose of it.

Biography, science, short stories, adventure and good mysteries are all welcome, and books can be hardcover or paperback, so long as they are in good condition.

Donors may take their contributions to Betty's Beauty Shop, 219 Nassau across the street from St. Paul's.

Contributions of money, to defray transportation costs and bag texts with controlled vocabularies, may be sent to Mrs. Brum. Even postage stamps are welcome, because they can be used for the mailing.

Miss Brum teaches English as a foreign language in a school. Students have come from Chinese or native schools, but have learned enough English in one year to pass the National Examination required for additional education. One of Miss Brum's classes has 48 students, some of whom are 25 years old.

In addition to teaching English at all levels, Miss Brum teaches South Asian history, evening adult classes, gives public health lectures and reads a large Girl Guide group. She attends all the Buddhist, Moslem or Christian religious festivals and reports that the most popular dance is the twist.

TWO LOSE LICENSES
For Speeding Two Princeton area drivers had their licenses revoked for 30 days last week by Township Magistrate Glen D. Miller Jr. for speeding.

Fines of \$6 each were levied against Wade J. Little, 58 Birch Avenue, driving on an expired license, and Phillip Gaudioso, 17 Oakland Road, unregistered vehicle.

Drunk Driving. In Borough Court Monday, Evans Carr, 46, Little Rocky Hill, pleaded not guilty to drunk driving offense. He was fined \$225 by Magistrate Theodore T. Tama Jr. who also revoked his license the mandatory two years.

In other cases, Ivan Ridick, 28, 290 Witherspoon Street, paid \$15, careless driving. Arthur M. Jaffe, 28, Palmer Lab, \$12, stop sign. Walter L. Brown, 19, Cherry Hill Road, \$10, speeding; and Mrs. Margaret J. Peacock 35, River Road, Belle Mead, \$10, failing to set hand brake.

Wilbur S. Buchanan, 81, 9 Park Place was admitted to Princeton Hospital, suffering from a possible concussion. The other driver, Robert Cenerino, 17, Rocky Hill Road, Skillman, received minor injuries. Both drivers were alone at the time.

In the Borough last week, two children of Mrs. Robert C. McKinley, 37, 32 Endman Avenue, Laurie, 7, and Scott, 11, were treated at Princeton Hospital for minor injuries they received when their mother's car was involved in a crash at the intersection of Linden Lane and Hamilton Avenue.

Preserve the Park
To The Editor of Tawa Topics:
It could not be possible, but
I am told that beautiful Mar-
quand Park, the safe, happy
playground for hundreds of
Princeton children, may be
sloped in half by a large high-
way.
The Marquand family gave
this inspiring spot, with its
magnificent trees and natural
beauty, trusting it would be a
sanctuary for all time and for
the joyful use of all residents.
After this desecration of the
Park, beautiful Springfield
Road is to be widened for
greater, noisy traffic.

I live on Springfield and the
University and Township are
welcome to my sidewalk but
my tremendous oak and lilac
trees are about the most
beautiful in all Princeton.
If you doubt it, come see for
yourself, look up at their
majesty.

The thought of a ruthless
buzz-saw cutting into any of
nature's masterpieces is ack-
enied. If this vandalism takes
place, I will, of course, tell my
house but my personal heart-
break is nothing in comparison
to what this plan will do to
one of the few beautiful towns
left in all America.

Mothers of children, lovers
of beauty, please raise your
voices in forceful protest.
And remember that "Only
God can make a tree."

TOO HOT TO HANDLE

Young Scientists Hedged: "A
child ought to be allowed to
boil an egg," exclaimed Char-
les Jaffe, Township School
Board member, at the Board's
meeting Thursday night.

Mr. Jaffe's expostulation
came after Superintendent
John J. McKenna had notified
the Board of a new six direc-
tive: children in grades one
through six must wear sci-
entized goggles during "dang-
erous" scientific experiments
such as those involving boiling
water or anything caustic.

The idea of providing such
"sanitized" goggles for all pri-
mary youngsters rather than
Dr. McKenna's, indeed, it did
the Board. The result is that
younger children will no longer
be allowed to perform cer-
tain simple experiments them-
selves but will have to watch
teacher from a distance of 10
feet or see it on a film strip.
A non-flammable film-strip,
presumably.

Dr. McKenna suggested that
under a literal interpretation
of the directive, domestic sci-
ence students might not even
be allowed to make coffee with-
out the goggles.

Faculty Members, Township
teachers made news during
May and June. Norman Van
Arsdalen, head of physical
education for the Township
School System, has been
chosen by the U. S. State De-
partment to tour Israel, Iran
and Jordan with the Univer-
sity of Kentucky basketball
team. In Tel Aviv, he will
officiate at the International
Basketball Tournament.
Dr. McKenna has been
elected to the Board of De-
cisors of The New Jersey School
Development Council.

The Board also announced
the retirement, after 40 years
on the teaching staff, of Mrs.
Edna L. Freeman, Mrs. J. S.
Freeman, who was present at the
Board meeting, received a gift
of appreciation from Board
members.

KING-SIZE BEAUTYREST
Now

You'll never rest your best while half the night must be spent struggling to maintain your share of a double bed. Even on a 50-50 basis that share makes for skimpier sleeping. What to do about it? We suggest you make the switch to King-Size Beautyrest to get the extra length, the extra width, the extra comfort you both need to again sleep as sound as babies. Yes, an extra 105 square inches of sleeping area means even more of that famous Beautyrest individual coil construction to lull you to sleep, more of that firm, buoyant, non-sag support. Why not sleep right tonight on a King-Size Beautyrest made only by Simmons?

The Princeton Graphic Workshop will have a much lower schedule of fees, Mrs. Stoddard said, and artists will be able to turn out large editions on hourly or monthly basis.

The Workshop plan to offer one class each week in wood cutting and engraving, etching and metal engraving and stone lithography. Classes will be held in the evening. Amateur artists who wish to enroll must have an art background, Mrs. Stoddard emphasized.

Although the Workshop has

been backing many financial bills is needed to carry it through the first year, Mrs. Stoddard said. Information may be obtained from her at 181 Dodds Lane before July 1, and at 123 Nassau after that date.

Does Your Dinghy Have Sea Legs?

It does if it's a Hydro-Pram

Something stable has happened in the world of dinghies. Until now, the dinghy story has been a shaky one. Yachmen who had to fight the dinghy wobbles for a long time... dinghies have been a big splash, but who needs that?

The HYDRO-PRAM is the newest thing in dinghies since the car. With its six feet of polyurethane foam flotation moulded between the deck and bottom, it's unsinkable. As the picture illustrates it has maximum stability. A 140-lb. man can stand on the edge of a HYDRO-PRAM and it barely tilts. See this remarkable new idea in dinghies at

Street, Ministerial Association Street Presbyterian Church: I certainly think so. I just feel there are some causes for which a demonstration must be made if there is going to be any change of public feeling or sentiment. There must be some dramatization — otherwise nothing happens.

Ashley Hall, Witherspoon Street, student: I think that is calling attention to a cause that needs to be brought before the public, they are very pious. But as far as getting direct action, there is a certain saturation point beyond which they are no longer effective.

Miss Wills Appel, Roosevelt, student: Yes, I think so, mainly because this is a very large issue of getting attention, of stating some sort of opinion. It's a very immediate way of stating your position.

Mrs. Callin Pearce, Somerset, housewife: They bring the matter to the eye of the public but I think after a while, the public tends to get tired of them and lose interest. Generally, demonstrations carry it too far and ruin the initial effect.

Robert Miller, Belle Mead, mechanic for Kammer Buick-Pontiac: I think it does some good. It gets the point across, if it is organized right. Take a strike, for example. The pickets let the public know what they're after and what's bothering them.

Mrs. Anne Hammond, Lawrence Township, teacher: Well, it certainly calls attention to specific problems, but I feel picketing in itself never poses any solution. So I suppose you could say it only does half good.

JUST WASTED TIME is the opinion of Paul Pettio concerning the effectiveness of picketing and demonstrating for a cause. For the one exception he makes, see below.

Question of the Week

Question: In your opinion, does picketing and demonstrating for various causes do any good?

Where asked: Palmer Square.

Paul R. Pettio, Trenton, campus police: No, I don't think so. It's just a matter of wasted time. I feel demonstrations are mainly just trying to draw attention to themselves and get public sentiment behind them. Personally, I never bother with them. But I would never cross a picket line where a union is involved. I feel to do that would go against the union and I'm in favor of unions.

Lloyd Steiner, Kingston, grounds and buildings, Princeton University: I don't know if it does any good or not but I don't like it. I feel the whole thing is childish. I don't think it's very effective.

Richard Bagdona, Vandewater Avenue, PHS senior: I don't think so, not any more. There's been so much picketing and demonstrating going on for this cause and that cause — sit-ins for civil rights — that the whole thing has become a joke. They've even demonstrated for the Society for the Prevention of Naked Animals. People who demonstrate for a specific cause, like strikers picketing for a higher wage is all right, but demonstrating for public approval and support for some cause has gotten out of hand. It's a good idea but it's been overworked.

Terry Welsh, Chyenne, Wyo., student: It depends on the picketing. If it's the violent type I don't think it does any good at all. They get publicity all right, but the kind they can use. But if you picket quietly, don't cause any trouble and move on if the police tell you, then it's okay. I believe in this non-violence approach that Martin Luther King uses in his demonstrations.

David Evans, Stockton Street, instructor, Theological Seminary: I suppose they do good. Most people don't notice these things unless more or less, they are forced down their throats.

Edwin Levin, Lawrence

Township, physicist: Yes, I think it does — as a very strong expression on the way people feel about issues.

John Talk, Lockhart Hall, Princeton Class of '67: In the main, I don't think it does, especially in smaller issues such as a strike where employees may be picketing to air some grievance. Most people don't care about these. An example of where it does do some good would be the March on Washington a few years ago. I think it is only in the large issues where you can get public opinion behind you and where you demonstrate peacefully without bothering people that it is effective.

Miss Rosemarie Hambarger, Franklin Avenue, school-teacher: I don't know if it does any good or not but I'm very happy it's being done. Many times people, even educated people, are afraid to stand up for what they think is right. I think these are peaceful means in which people can disagree with what is being done by these in power and that is which the average person supports.

Tobias D. Robinson, 415 B. Devereaux, technical staff, University faculty: I think it does a great deal of good. The reason is this is the only way you can tell there are real flesh and blood people supporting these causes. Otherwise, it's just an argument between newspaper columnists.

Harold Thomas, 48 Nassau

WHAT IS "TROUBLED" HAIR?

I call hair "troubled" when it suffers from any of the hazards which make it less beautiful than it should be . . .

When it looks dull or wispy . . . dry . . . harsh . . . thin . . . lifeless.

When it's hard to comb through after a shampoo.

When you feel the ends go prickly as you run your fingers down the hair shafts.

When the sun has parched it.

When chemicals or strong shampoos have dried it out.

In severe cases, when the hair has become brittle, broken, matted or split; when the hair has lost its elasticity and becomes hard or impossible to manage; hair like this needs the rich benefits of conditioning treatments.

You can receive the expert, professional hair care that your hair should have at my salon, TAVERNWOOD BEAUTY MANOR, 69 Palmer Square West, or call 924-3083. We really care about your hair!

LIBRARY GIVEN \$6000

As Enrichment Gift, The Friends of the Princeton Public Library have observed their fourth anniversary with an "enrichment gift" of \$6,000 to the library from funds accumulated by the Friends since they were formally chartered in 1960 under the sponsorship of the Council of Community Services.

Mrs. Arthur L. Reiser, Jr., Friends' chairman, reported that the unrestricted grant will be used in areas where funds from the Borough and Township, which are responsible for financing the Library's basic operations, are not available.

In planning the gift, which represents in large measure the annual dues paid to the Friends by its more than 1,000 members, a committee of the Council of Friends headed by Rowan Boone worked closely with the Library's director, Robert H. Staples. A survey of the needs of the Library when it begins operations in its new building next fall was made.

Mr. Boone's committee stated in their recommendation on the use of the gift, "The items contemplated in this gift are those which would not be covered by the annual municipal budget; yet they will make up for deficiencies and long-known shortcomings in the Library's collections and services, in the categories of audio-visual aids, microfilm equipment and volumes for which there will now be space."

APPOINTMENTS MADE

To Princeton Faculty, Two new professors will join the University in comparative literature at Princeton University this fall. Joseph Frank, formerly a member of the faculty of the University of Toronto, will instruct Germanic languages and literature.

The appointments are part of an effort to further expand and strengthen the program in comparative literature which prepares students for teaching and international responsibilities.

Prof. Frank, a graduate of the University of Wisconsin with a Ph.D. from the University of Chicago, will also assume the post of director of the Gauss Seminars in Criticism. He is a former editor of the Bureau of National Affairs.

Prof. Freedman, a visiting professor at Princeton this year, is a native of Hamburg, Germany, who came to the United States in 1940. A graduate of the University of Washington with an M.A. from Brown University and a doctorate from Yale University, he has been a member of the faculty at Tufts for the past 12 years.

CLAIMS TO BAKE

In Montgomerie Township Volunteer Fire Co. No. 2 of Blawieburg will hold its annual clam bake on Saturday, July 9, at Johnson's Moore's Grove on Spring Hill Road off Route 518 halfway between Blawieburg and Hopewell. The fair will be held rain or shine.

Co-chairman for the clam bake are Samuel Simpson and Charles Ravens, who request that tickets be purchased in advance if possible, although they will also be sold at the door. The menu for the all-you-can-eat affair will include clams on the half shell, clam chowder, steamed clams, clam broth, clam fritters, hamburgers, Italian sausage, hot dogs, baked beans, sweet corn, beer, soda and birch beer. JAYCEES SEEK HOSTS

For Vacation Program, The Princeton Jaycees are seeking 80 hosts in Princeton for the Friendly Town project of the New York Fresh Air Fund. According to Thomas Denison, area chairman, the New York children age 5-12 will live in Princeton for two-week periods beginning July 7 and July 21.

About half of the families already signed up to participate in the program are inviting the same guests of last summer and others of past summers. This year several activities are planned, including a picnic for the whole group of children and hosts. Most of the time however, the children will be with their foster families and do what the families normally do in their day-to-day lives.

Host families may make specific requests but Mr. Denison hopes that the inter-racial and inter-faith spirit of the Fund will be shared by prospective hosts. The children selected to participate are recommended by 50 social and welfare agencies co-operating

PLANS OUTLINED
For Pennington Apartments, H. William Augustine of Princeton's Hunt and Augustine, Inc. win the amendment he is seeking from the Pennington Planning Board, the Borough of Pennington will be the site of a proposed \$1.5 million, colonial-style apartment project.
Mr. Augustine is seeking a variance from the zoning board to build his 420-unit apartment project on a 36-acre site bounded by S. Main Street, E. Delaware Avenue and Curtis Avenue, the first two intersecting to form the main business intersection in the heart of the borough. The area is currently zoned residential for one-family dwellings.

Under a proposed new ordinance the area would be zoned partially for single family homes and partially for office-residential. A recently-completed master plan provides for multiple apartment units but in a different section of town.

By requesting an amendment from the Planning Board, Mr. Augustine hopes to circumvent the zoning requirements. Under state law, the board has 30 days to grant or deny the request.

As outlined by Mr. Augustine, the project drew a mixed response from the large number of residents who attended his formal presentation last

"TOKEN OF OUR ESTEEM" Rocky Hill residents honored Dr. Malvern Reeve (right) on his 101st birthday Friday by renaming Church Street "Reeve Road." Above, at the brief ceremony, are (from left) the Rev. Earl Jubay of the First Reformed Church, Mayor Richard C. Hiss, and Mr. and Mrs. Harry Thompson, with whom Dr. Reeve lives.

week before the planning board. The complex would be built slowly, a unit at a time over a period of five to 10 years. Eventually, there would be a population between 500 to 1,000.

According to Mr. Augustine, each unit would be built in an "L" or "U" shape, containing 12 one and two-room apartments. Of these, two would be luxury two-bedroom apartments, six would be regular two-bedroom apartments, and four would be one-bedroom efficiency apartments.

The builder would be responsible for the maintenance of the grounds and the buildings. Rental would be about 10 percent higher than the average apartment. Mr. Augustine estimated the annual revenue to the borough in the form of rates to be \$96,000. Construction would begin in about a year, Mr. Augustine said, if he receives the necessary approval from borough officials.

Demure as Daisies

Something to make everyone else look just slightly brazen. A bathing suit brief but innocent, wide-eyed with daisies on cotton, smocked like a baby's first dress. The boyish short shorts wear a round ruffled pocket almost too good to be true. In Buttercup or Coral on White, a highly refreshing part of any sunny vista. 5 to 15.

Reproductions Of Early American Furniture

At Cane Farm, woodworking is a labor of love. You just can't turn out custom furniture on an assembly line basis. Each detailed step is hand-tooled with the techniques of days gone by. If you think this artistry has passed from the current scene, come visit us and see the fine work we turn out. In our new all-aluminum showroom, a converted four-story building, you can browse among samples of the twenty-five or more different pieces we make. And you're perfectly welcome to take a look at our woodworking facilities, too. But don't expect to see a slab-sawing operation! Old-time craftsmanship requires T.L.C.*

SPORTS In Princeton

THE FIGURES ARE IN
Tigers Move Upward. A year ago, Princeton athletic teams completed the academic year with team championships in football and basketball and a share of the titles in lacrosse and tennis. When closed last week, they had won all four of these titles from their grasp but had nonetheless compiled a higher winning percentage.

Beginning last September, and ending last week, Tiger teams at the varsity level won 132 contests, lost 77 and tied three. This represents a winning percentage of .630, compared to .622 a year ago.

The answer is simply greater success—the sports in which the poorest records were achieved a year ago showed considerable improvement. At the top level, while there were no team championships won in football, tennis and basketball, the respective records were still highly impressive. 9-1 in tennis, 8-1 in football and 16-7 in basketball. Other above-average performances were credited to cross country, 7-2; swimming, 11-2; track, 8-2; and 1964 crew, 8-2. Lacking the ability to break even were teams in basketball, lacrosse, hockey and soccer.

The year was, in a sense, marked by the absence for the first time of five of the top athletes ever to wear Orange and Black. All-Americans Cosmo Iacovazzi and Bill Bradley had graduated, and the fact that Princeton did not retain its championships in football and basketball was largely traceable to their departure.

The Class of 1966 was not, however, without noteworthy athletes in football. Charlie Gogolak broke a huff of NCAA's blacklisting records and signed with the Washington Redskins. Stan Maliszewski, stand-out linebacker, has a chance for a professional career with the Baltimore Colts and tailback Rex Landeck broke several Princeton and Ivy League records held by the immortal Dick Kazmaier.

CREW 3RD AT SYRACUSE. Tigers Make Fine Showing. Defeating Syracuse by eight lengths, as well as a number of other rowing

PLANNING THE DOLLAR DISTRIBUTION Of proceeds from the fifth annual Jaycee Football Classic between the Giants and the Eagles in August are, from left to right, Roy Huggins, president of the Princeton Jaycees; Howard Berger, and John Hoff, Chapter Classic co-chairmen; Robert H. Staples, Public Library; John Sanderford, football manager; and Walter G. Clatscott and Gerald S. Hanks, Red Cross.

Harvard 1st, Tigers 2nd

For the fifth year in a row, Princeton placed second among the Ivy colleges in won-loss percentages. Harvard was first—also for the fifth straight year—with the Tigers playing 500 ball or better against every one of the six other members of the league.

They slipped slightly in competition with the Crimson, winning seven of 20 during the past year, whereas during 1964-65, they won seven of 18. However, improvement was shown against the other member of the Big Three—Princeton winning 12 of 21 against the Elis this year and 11 of 21 during the previous 12 months.

The Tigers' won-loss record in Ivy competition:

| | W. | L. | T. | P. |
|-----------|----|----|----|------|
| Brown | 8 | 3 | 0 | .727 |
| Columbia | 11 | 5 | 0 | .688 |
| Cornell | 8 | 8 | 1 | .500 |
| Dartmouth | 8 | 4 | 1 | .667 |
| Harvard | 7 | 13 | 0 | .350 |
| Penn | 12 | 6 | 0 | .667 |
| Yale | 12 | 9 | 0 | .571 |

powers, Princeton achieved the highest finish it has ever recorded in the national regatta Saturday when it placed third at Syracuse.

Wisconsin, which had been beaten by Navy a week earlier, was the victor, with the midshipmen second. Princeton (victor over Navy on the Southern River in April) trailed the winners by a shade under two lengths, recording a time of 16:10.9 for the three-mile distance in 16:03.4 for Wisconsin and 16:05.7 for Princeton.

Finishing in impressive fashion after trailing during the early part of the race, Coach Pete Sparhawk's crew caught Brown by a quarter of a length for third place. During the season, the Bruins had lost only to unbeaten Harvard and were rated a possible victory on Lake Okauchaga Saturday.

The high finish also gave

Princeton a measure of revenge over Penn and Cornell, which had defeated it this spring, and also brought it in ahead of such well-regarded crews as Stanford and California. It was Sparhawk's first year as varsity coach, after several seasons spent directing the freshmen.

Possibly even more of a surprise than the third-place varsity finish was the showing of the Tiger freshmen, who led most of the way in their two-mile race, eventually yielding to the favorite, Pennsylvania. Coach Steve Gladstone's first year oarsmen earned the runner-up spot, after failing to qualify for the six-foot final in the Eastern Sprint Championships at Waterbury.

The Tigers Jaycees finished next to last in a 13-boat final in their race, which Dartmouth won. However, Princeton compiled a total of 11 points on its showing for the day—tying with Navy for third in the standings for the Jim Ten Eyck Memorial Trophy. Penn won with 15 points; Wisconsin with 12 was second.

CHARITIES SELECTED

For Jaycee Classic Funds. The Princeton Jaycees have selected five area organizations to receive a share of the proceeds of this year's fifth annual Football Classic between the Giants and Eagles at Palmer Stadium.

Contributions will go to the Princeton Public Library to provide for book purchase, to the Princeton Midget Football League for equipment purchases, to the Princeton Red Cross to support this year's national disaster area and to organizations, to the Mercer County unit of the New Jersey Association for Retarded Children and to the Junior Museum.

Charity dollars will be raised through the sale of tickets, now available at the Princeton University Store and the Princeton Stationery Store.

William A. Jaffe, general chairman of the game, has announced the appointment of committee chairman who will

Leading the offensive attack for Western Electric were Mike D'Angelo and Ed Paulsen who both hit solo home runs. Winning pitcher Carl Valenti held Shell to five hits.

While Western Electric was winning its first game of the year, RCA "A" and "B" were increasing their leads in the Western and Eastern divisions respectively. SEASON OPENS

For Adult Softball League. The second season of the Adult Recreation Softball League started last week with the Edna Robotti Store (formerly Rocky Hill) successfully opening defense of its crown with a 10-1 triumph over Princeton Aviation.

A six-hit, five-run outburst in the fifth was the turning point. Bill Wilbur went three-for-four including a home run to pace the Robotti attack while Dave Tensen connected for a two-run homer for the losers.

George Tucker's three-run homer highlighted a seven-run first-inning surge by Cincinnati's which went on to win easily, 12-4, over the Anjer's Sportsmen Club. Pink Fisher added a three-run circuit swing in the fifth to assure victory for pitcher Pete Young. Mike Paschall rapped a two-run homer in a losing cause. Jack Lesley gave up two runs in the first frame to the Nassau Merchants but then a pinch hit the door light the rest of the way as First National Bank defeated the storekeepers, 8-2. Home runs by Jim Quinn, Buddy Britton and Joe Balestreri provided the muscle for the bankers.

In the closest game, Princeton Shopping Center topped Nassau-Conover Motors, 4-2. A three-run first inning, which featured a home run by Dave Britton provided the Center with all the runs it needed.

Lacrosse For Pee-Wee

The Princeton community's younger generation of athletes, for whom Pee-Wee hockey has been offered for several years, will have a chance to learn lacrosse this summer.

While the hockey league has understandably been restricted to boys, both boys and girls will be eligible for instruction in lacrosse. The only equipment they need supply is a stick.

Two-hour programs will start July 5 in Marquand Park and run from 6 to 8 p.m. each Tuesday through the month. Further information may be obtained from John Bernard, originator of the Pee-Wee hockey program, at 924-4102, or Betty Hweil, 858-2767.

Both of the losers' runs were unearned.

The league plays every Monday and Tuesday evening at Community Park with a 6:15 starting time in effect. Rainouts are played on Wednesdays.

TENNIS CLASSES SET

Old Rackets Sought. The Commuters Tennis Program will unleash a full schedule of summer tennis classes starting Monday in which several hundred boys and girls and more than 100 adults have enrolled.

The Community Program asks all tennis players to search for old rackets they may not need. They will be turned over to beginners who may decide the cost of a racket is prohibitive to taking lessons.

Anyone who has such rackets should take them to the YMCA office or give them to any staff member of the Community Tennis Program, Bayard Jordan and John Conroy, instructors in the program have volunteered to restore any racket which needs restringing.

Named co-chairmen of the Leader Course this summer at a staff meeting were Anne Reinald, PHS senior; Debbie Enderby, Stuart Country Day School junior; Allen Kelley, PHS senior; and Ken Kraft, a junior at Lawrenceville School. All have been awarded full time positions as teaching assistants.

Junior leaders will hold their first meeting Friday at noon at the University backboards in case of rain. It will be held at Community Park School.

will include intensive weight training, conditioning and development of football skills and run throughout the summer until the opening of school in September.

Mel Knight, youth director, will instruct the weight program which will offer correct lifting techniques and special exercises. Individual progress charts will be kept. As the opening of school approaches, emphasis will shift away from weightlifting to on-the-field training.

Since the clinic is limited to the first 30 to enroll, Princeton area residents are encouraged to register immediately. Sessions will be held on Monday, Wednesday and Friday evenings from 7 to 9 p.m. and will include football films and chalk talks.

BANK LIONS WIN

In West Windsor League, The First National Bank and the West Windsor Lions both scored double victories in the West Windsor Little League last week to drop Craft Cleaners and Thorne's Pharmacy from the ranks of the undefeated.

The Bank handed 16-3 and 2-1 losses to American Cynamid and a league-leading

Thorne's Doug Everett took the mound for his little-league pitching debut against Cynamid and scattered six hits to pick up the triumph. He helped his own cause with three hits and received additional support from his twin brother Dave, who doubled and singled, and Kevin Tully, who doubled twice.

Against Thorne's Pharmacy, Kevin Tully struck out 18 batters and allowed only three hits, one of them a home run by Larry Fowler, to gain the 1-1 verdict for the Bank. Supplying the offensive punch were the Everett brothers, Dave and Doug, and Grover Servis, who drove in both runs.

The West Windsor Lions matched American Cynamid, 25-7, with Barclay Poling, Kim Coleman, Rick Rogers, Bill Mooney and Rick Morgan leading the 14-hit attack. Rick Rogers allowed three hits and struck out 12 in going the distance for the win.

Against the Lions, Barclay managed to get six runs before falling, 10-6. Walks and errors ruined Poling's shutout bid, Poling and John Schumacher led the biting attack for the Lions.

In other league action, Ellsworth AC handed Craft Cleaners their second loss of the week in an 8-1 contest. Dennis McClellan belted a home run to double and Mark Ellsworth added two more hits for the winners. Pete Zigler struck out 12 to gain the decision.

In a special game last week, the Farm Team All-Stars edged by the regular team nine-year olds by a 12-1 margin. Helping the Stars to the victory were the fielding performances of Rich Hutton and Ed Eiston and the hitting of Bill Buggie and Michael and Mark Holcombe.

ETS LOSSES FIRST GAME
In Research softball, Princeton's opening losing record was a 1-0 defeat to McGraw-Hill last week to tighten the standings in the South Jersey Girls' Softball League.

RCA moved into a tie for second place with McGraw-Hill by dropping Princeton Hospital, 1-0, behind the pitching of Carole Freeman. RCA and McGraw-Hill will meet soon to break their second place tie since league officials have ordered a disputed game between the two teams replayed from the point of protest, with McGraw-Hill ahead in the third inning.

Bell Telephone won its first game of the season as winless Opinion Research forfeited its scheduled match, ORC is now in sole possession of last place.

How To Survive

Talking about a principal cause of accidents involving women: "Distractions while in the car." It is obvious that most such distractions come from misbehaving children. Since a survey proves this is a prime cause of accidents involving women, it should be taken seriously, with a view toward eliminating it. And a way to do so while making everybody safer is to fasten safety belts around every child, as well as yourself. A child strapped to the seat can't get into so much mischief, and you can pay partial attention to safe driving. It takes only a second of attention to someone or something within the car to get you into an accident outside the car. Our columns and all our business efforts are aimed at serving your best interests. Kammler Buick-Pontiac Co., Route 208, Princeton Airport, 921-2322.

A popular history of the United States
The first one-volume history in two centuries
John T. Cunningham

From High Point to Cape May, from the Atlantic Shore to

to the Sussex County mountains, New Jersey presents an amazing spectrum of physical and cultural variety. Its history — from Indians and Old World settlers to today's industrial and agricultural complex — is equally startling. Here is the first modern work to pull together all the Garden State's historical threads. Mr. Cunningham finally places New Jersey squarely on the main road of American history.

CHAPLAIN NAMED

For Princeton Hospital, The Rev. George Fitzgerald, 22, former fellow in religion and psychiatry at the Menninger Foundation, Topeka, Kan., has been named full-time chaplain at Princeton Hospital. He replaces the Rev. Ian McIntosh, who has served part time since October 1964.

The Rev. Mr. Fitzgerald will begin his duties on September 1, according to the joint announcement of the hospital trustees and the Princeton Pastors Association. During the summer months there will be no regular hospital chaplain. The Hospital Volunteers of the Women's Auxiliary will continue to notify local ministers.

The Rev. Mr. Fitzgerald is a graduate of the University of California and Princeton Theological Seminary. He served from 1959 to 1965 as pastor of two Presbyterian churches in Colorado. He is married and has two young sons.

The Rev. Mr. McIntosh is completing doctoral studies and research at Princeton Seminary, and had earlier theological training at Cambridge University in his native England.
